

# CYLINDER COVER KITS

## REFERENCE GUIDE

**Bobcat**®

*One Tough Animal.*

Protect your mini-excavator – especially the vulnerable cylinders. Bobcat's new highly durable arm, boom and bucket cylinder covers provide the necessary protection, particularly in heavy conditions such as indoor demolition. Introduced as part of the optional factory demolition package, this popular option for our 0-2 tonne mini-excavators is now also available from Aftermarket.

- ▶ Increased arm, boom and bucket cylinder protection to prevent damage in heavy conditions, such as indoor demolitions.
- ▶ For Bobcat 1-2 tonne mini-excavator models: the kits contain highly durable arm, bucket and boom cylinder covers.
- ▶ For Bobcat 0-1 tonne mini-excavator models: the kits contain arm and bucket cylinder protection covers only.
